Tools for Success

Empowering you to do what you do best

Community Care Physician Network (CCPN) is your partner and we're ready *NOW* to get your practice on the right path to future success. CCPN provides new cloud-based tools and hands-on support that will help you improve quality and hit contract targets tied to new revenue.

Practice PerfectSM – Tools to focus your effort where it matters most

CareImpactSM Practice Dashboard

Distills complex information from multiple data sources, identifying actions you can take right now to boost quality and improve performance.

- Synthesize claims, hospital visits, and individual risk scores to **prioritize patient needs**
- Analyze the **cost, utilization, and disease burden** of your Medicaid patient panel
- Monitor how well your practice is meeting **quality measures** tied to performance incentive payments
- Quickly create **targeted patient lists** so you can determine where to best focus resources and improve performance

VirtualHealthTM Provider Portal

Connects you with your CCNC Care Management team – your partners for improving patient outcomes.

- Secure access to Medicaid patient **care management** documentation, comprehensive needs assessments, and care plans
- Make referrals to care management and **secure communication** with patient care teams
- View **patient history** from claims, pharmacy, and hospital data – so you know what care patients are receiving outside your practice

You Can Count on CCPN!

The new approaches to managing quality and physician reimbursement offer many opportunities to enhance patient care and practice revenue. But to succeed you need a partner who understands your patients and what it's like to run a busy practice.

CCPN is that partner. We are a **physician-led**, clinically integrated network of **2,500 independent clinicians in more than 800 practices across North Carolina**. Together, we can help your practice survive and thrive in the new healthcare environment.

“CCPN provides my practice with everything I need to succeed in managed care – and begin immediately to ensure my practice will hit quality targets that will improve revenue.”

— Christoph Diasio, MD

Ready to take the next steps in pursuing on-going quality improvement and qualifying for additional sources of revenue? Contact CCPN to see how we can make this happen together.

About Community Care Physician Network

CCPN is a physician-led, clinically-integrated network that helps independent primary care physicians deliver high-quality, cost-effective care. CCPN's experience and infrastructure turn data into actionable insights and drive quality improvement, measurement, and reporting. Through CCPN, physicians work with peers to improve patient care and coordinate care across conditions, providers, settings and time. CCPN helps you better manage your complex patients while hitting quality targets under value-based reimbursement arrangements.
