CCPN at a Glance

What is the Community Care Physician Network (CCPN)?

Community Care Physician Network, LLC (CCPN) is a non-exclusive, high performing network of independent practices working to improve the health of all patients in North Carolina.

As a collaborative and physician-led organization, CCPN provides programs and tools to enhance the quality and efficiency of health care services and help control costs while also improving patient outcomes.

CCPN Practice Characteristics:

CCPN is comprised of over **2,500 clinicians** who have joined together to create an organization where practices can thrive in the changing healthcare payment reform environment.

The majority of CCPN clinicians are focused on family medicine, pediatrics, or internal medicine.

Other enrolled clinicians include local health departments, psychiatrists, psychologists, and OB-GYNs.

CCPN Practice Size:

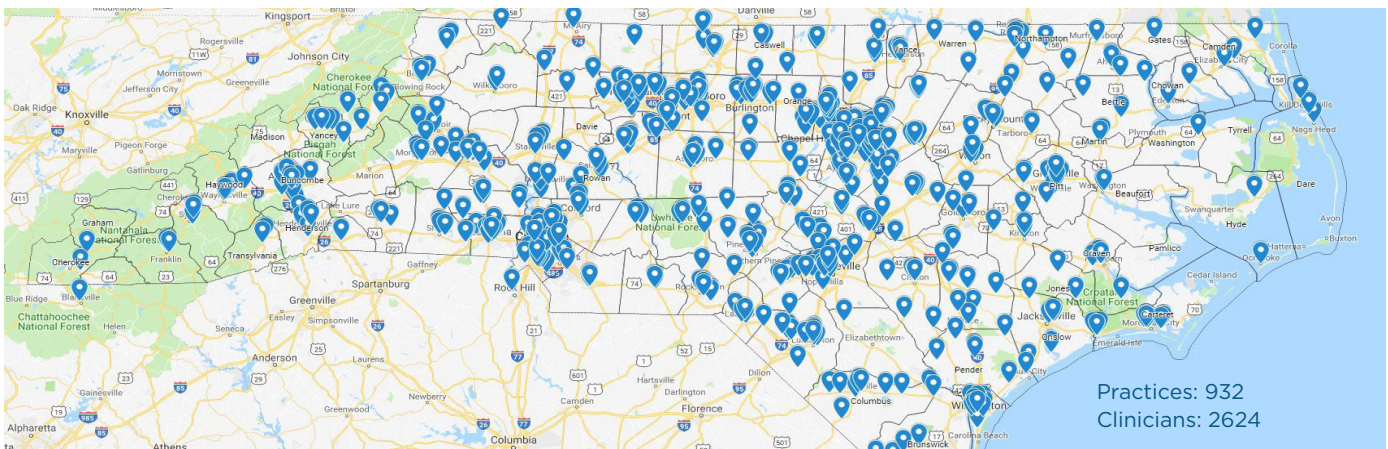

- Single Clinician: 31%
- 5 or Less: 78%
- 6 or More: 22%

CCPN Practice Specialties:

About Community Care Physician Network

CCPN is a physician-led, clinically-integrated network that helps independent primary care physicians deliver high-quality, cost-effective care. CCPN's experience and infrastructure turn data into actionable insights and drive quality improvement, measurement, and reporting. Through CCPN, physicians work with peers to improve patient care and coordinate care across conditions, providers, settings and time. CCPN helps you better manage your complex patients while hitting quality targets under value-based reimbursement arrangements.
