Quality Payment Program Moves Closer To Implementation

In mid-October, the federal Centers for Medicare and Medicaid Services put the final touches on the policy for implementing sweeping changes to Medicare payments for more than 600,000 clinicians across the country.

When implementation begins in a few short months, the new Medicare Quality Payment Program will link the payments our practices receive to the care we deliver to our patients.

At that point, quality scores will drive our compensation.

That is a very big deal for the 1,200-plus physicians in more than 350 practices that have joined CCPN to date.

That's why we are focusing CCPN's resources and energy to deliver information about these changes to you in every format that we have available:

- ◆ face-to-face meetings and presentations
- ◆ webinars
- ◆ on our website

At the top left of this page you will see details about our upcoming meet and greet sessions slated for Nov. 4 in Raleigh and Dec. 3 in Asheville.

November 15 Webinar

Get Lean and Patient Centered Using the Patient Portal

— Presented by Dr. Mark McNeill

To join by web [click here](#)

Meeting number **732 150 624**

Password **3G2RDUnZ**

To join by phone

+1-855-797-9485 US Toll free

At the bottom of this page is the URL for the CCPN website, where we are building an inventory of archived webinars, fact sheets and other resources that directly relate to the changes.

CCPN is committed to delivering you the solutions and the information you need to make informed choices about how to operate your practice for maximum flexibility, profit and effective patient care now and in the future.

One example of the work under way right now is the Quality Assurance and Improvement Committee, which now has both Pediatric and Adult practice subgroups. Identifying specific quality measures that have the most impact for patient care is the overarching charge of this committee.

Another example is the Payer Committee, which is evaluating third-party administrators and developing approaches to give CCPN practices maximum buying power for everything from professional associations to flu vaccines.

CCPN committees and workgroups, and ultimately our organization as a whole, benefits when our members are active participants. I am pleased to welcome so many new members to CCPN each month, and I encourage you to get involved. We need your good ideas.

Accompanying the Oct. 4, 2016, an-
nouncement that CMS has finalized
the new Medicare Quality Payment
Program is a new [Quality Payment
Program](#) website, which will explain
the new program and help clinicians easily identify the measures most
meaningful to their practice or specialty.

For More Information:

- [Final Rule](#)
- [Executive Summary](#)
- [Press Release](#)
- [Fact Sheet](#)

The Quality Payment Program has two tracks you can choose from:

Advanced Alternative Payment
Models (APMs) If you decide to take
part in an Advanced APM, you may earn a
Medicare incentive payment for partici-
pating in an innovative payment model.

OR

The Merit-based Incentive Payment
System (MIPS) If you decide to participate in
traditional Medicare, you may earn a perfor-
mance-based payment adjustment through
MIPS.

Who is in the Quality Payment Program?

You're a part of the Quality Payment Program and in MIPS if you bill Medicare more than \$30,000 a year or provide care for more than 100 Medicare patients a year, and are a:

- ◆ Physician
- ◆ Physician Assistant
- ◆ Nurse Practitioner
- ◆ Clinical Nurse Specialist
- ◆ Certified Registered Nurse Anesthetist

If 2017 is your first year participating in Medicare, then you are not required to participate in the Quality Payment Program in 2017.

When does the Quality Payment Program start?

If you're ready, you can begin January 1, 2017 and start collecting your performance data. If you're not ready on January 1, you can choose to start anytime between January 1 and October 2, 2017. Whenever you choose to start, you'll need to send in your performance data by March 31, 2018.

The first payment adjustments based on performance go into effect on January 1, 2019.

A total of 1,229 clinicians in 359 practices are a part of the Community Care Physician Network as of 10/31/2016. For a list of practices see below and on the following pages. Note, practices with multiple office locations are listed just once.
