2016 Marked by Launch and Strong Growth for CCPN

CCPN is wrapping up 2016 with a lot to celebrate.

In just nine months, our network, which launched in March 2016, has grown to more than 1,400 clinicians working in more than 400 practices across North Carolina.

CCPN leadership also has expanded, as the network has grown. In December, the Board invited Dr. Larry Mann from the pediatric practice Jeffers, Mann, and Artman, to join the Board of Managers. Networks or groups adding 100 or more participating physicians are eligible to nominate a board representative, so as CCPN grows, the pool of board leaders also expands. (For high-

lights of actions taken at the most recent Board of Managers' meeting see page 2.)

2017 promises to be a critical year as CCPN leaders and members dig into the heart of issues that will help practices operate more efficiently and effectively — from quality measures to payment processes.

As we prepare to make the transition to the payment models of the future, CCPN will continue to offer webinars and opportunities for face-to-face conversations. In the coming year, CCPN also will work hard to deliver services that add value and key content that you tell us you need. So, let us know your priorities, and join us as we work together to create solutions that work for the good health of our practices and our patients.

— Allen Dobson, Chairman CCPN

Sign Up for 2017 CMS Study, Earn MIPS Credit

Family physicians who are eligible for the Merit-based Incentive Payment System (MIPS) have a unique opportunity if they act quickly.

Sign up by Jan. 31 to participate in a new CMS study -- the Clinical Practice Improvement Activities (CPIA) and Measurement Study (www.cms.gov) -- and earn full credit for the CPIA performance category associated with MIPS.

[Study applications](#) (www.cms.gov) are available online and must be emailed to CMS by the last day of January.

CCPN Board of Managers Update

The monthly CCPN Board of Managers meeting in December took place on December 16. The Board of Managers received information on recruitment including current enrollment figures and a report on recent and upcoming "meet and greets" across the state. Program updates from the Quality Improvement/Quality Assurance and Payor Contracting committees were also given.

Under New Business, the Board accepted the nomination from Community Care of Wake and Johnston Counties network of Dr. Larry Mann from the pediatric practice Jeffers, Mann, and Artman, to join the Board of Managers.

In addition the Board also approved an extension of the waiver of the CCPN joining fee for two more months through February 28, 2017. This action was taken due to the start of

recruitment for Behavioral Health and OB/GYN providers. Further extensions will be re-evaluated at the February Board of Managers meeting. A mailing will be sent in January to independent practices that are not yet CCPN members, notifying them of the extension.

The next Board of Managers meeting will be held January 20, 2017.

Northwest Community Care Network MACRA Training

On Dec. 8 the Northwest Community Care Network sponsored a two-part training session on value-based payment and Medicare Access and CHIP Reauthorization Act of 2015 (MACRA). Shown above, attendees participate in the "Marshmallow Challenge," an exercise to demonstrate how building strong foundations and taking a step-wise approach to quality reporting across payer populations works best when the structure is in place first.

A total of 1,417 clinicians in 408 practices are a part of the Community Care Physician Network as of 12/31/2016. For a list of practices see below and on the following pages. Note, practices with multiple office locations are listed just once.

A Brighter Future	Burke Primary Care	Chapel Hill Children and Adolescents Clinic
